

## Arlington Zoning Board of Appeals

**Date:** Tuesday, February 11, 2025  
**Time:** 7:30 PM  
**Location:** Conducted by Remote Participation  
**Additional Details:**

### **Agenda Items**

#### **Administrative Items**

1. **Conducted by Remote Participation**

You are invited to a Zoom meeting on Feb 11, 2025 07:30 PM Eastern Time (US and Canada)

Register in advance for this meeting: <https://town-arlington-ma-us.zoom.us/meeting/register/CH2if9Z9RBKEvhadDFZyBQ>

After registering, you will receive a confirmation email containing information about joining the meeting.

Per Board Rules and Regulations, public comments will be accepted during the public comment period during each public hearing. Written comments may be provided by email to [ZBA@town.arlington.ma.us](mailto:ZBA@town.arlington.ma.us) at least 48 hours prior to the start of the meeting.

\*Notice to the Public on meeting privacy\* In the interests of preventing abuse of video conferencing technology, all participants, including members of the public, wishing to engage via the Zoom App must register for each meeting and will need to follow multi-step authentication protocols. Please allow additional time to join the meeting. Further, members of the public who wish to participate without providing their name may still do so by telephone using the dial-in information provided above.

2. **Member Vote: Docket #3833 131 Florence Ave**

#### **Hearings**

3. **Docket #3822 20 Pond Lane (continued)**

### **LEGAL NOTICE**

Notice is herewith given in accordance with the provisions of Section 3.2.2 of the Zoning Bylaws that there has been filed, by **Pond Lane Realty LLC**, on September 12, 2024, a petition seeking to alter their property located at **20 Pond Land, Unit 2 - Block Plan 010.0-0004-0005.A**. Said petition would require a **Special Permit** under **8.1.1A** of the Zoning Bylaw for the Town of Arlington.

A hearing in regards to the petition will be conducted remotely via "Zoom" **Tuesday evening at 7:30 P.M on October 22, 2024, as soon thereafter as the petitioner may be heard. To join the meeting, please register using the following URL:** <https://www.arlingtonma.gov/town-governance/boards-and-committees/zoning-board-of-appeals/zba-calendar> and choose the date of the meeting you wish to attend.

**For documentation relating to this petition, visit the ZBA website 48 hours prior to the hearing at <https://www.arlingtonma.gov/town-governance/boards-and-committees/zoning-board-of-appeals/agendas-minutes>**

## Special Permit Criteria

Indicate where the requested use is listed in the Table of Use Regulations as allowed by Special Permit in the district for which the application is made or is so designated elsewhere in the Zoning Bylaw. \*\*\*Please  LIST BYLAW(S)\*\*\*

Section 8.1.1(A) of the Zoning Bylaw.

Explain why the requested use is essential or desirable to the public convenience or welfare.\*

Since its construction in 1963 the commercial use of the garage on the Property has been for the storage of commercial vehicles and equipment along with office use, auto body work and auto repair work. The Applicant's request to continue the use of the garage for the storage of commercial vehicles and equipment, office use, and light construction work is consistent with the historical use of the garage and is in fact less intrusive than when the garage was used as an auto body shop and auto repair shop. The use is consistent with other uses in the neighborhood as the abutting Town property is being used for the storage of recreational equipment for the Arlington/Belmont Crew organization who stores their vehicles, trailers, crew boats, and other equipment on the Town property.

As the Property is fully developed - there are no changes proposed to the garage structure, driveway, drainage, utilities or other infrastructure servicing the Property - and the requested use is consistent with what has historically been used at the Property, the requested commercial use of the garage will continue to fit seamlessly with the community and neighborhood.

**Explain why the requested use will not create undue traffic congestion, or unduly impair pedestrian safety.\***

The Applicant states that the proposed project will not involve any changes to the driveway or parking area on the Property. Additionally, there are no proposed changes to the traffic flow, access, parking and pedestrian circulation that has been in existence at the Property for over 61 years. The Applicant anticipates that in addition to 2 vehicles parking in the driveway for the residential use for the Property, that approximately 2 commercial vehicles for employees will use the driveway area for parking and that the remaining vehicles will be parked inside of the garage which has ample storage area.

Therefore, because there no changes proposed to the structure or facilities on the Property and due to the fact that the requested use is consistent with the historical uses of the garage, it is the Applicant's position that its requested use of the garage will not create any undue traffic congestion, or unduly impair pedestrian safety.

**Explain why the requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subjected to hazards affecting health, safety or the general welfare.\***

As provided above, the garage was fully developed in 1963 and there are no changes being proposed to the drainage, utilities and other infrastructure servicing the Property as they are all more than adequate to accommodate the continue commercial use of the garage. Additionally, no hazardous materials will be stored on Property.

**Describe how any special regulations for the use, as may be provided in the Zoning Bylaw, including but not limited to the provisions of Section 8 are fulfilled.\***

As provided above, the garage structure and commercial use of the garage was permitted by the ZBA in 1963. The commercial use of the garage is proposed to be that of storage of commercial vehicles and equipment, office use, and proposed light construction work to be performed inside of the garage. Pursuant to Section 8.1.1(A) of the Bylaw, the ZBA may granted the requested use if it finds that the use shall not be substantially more detrimental than the existing nonconforming use to the neighborhood. As provide above, it is the Applicant's position that the ZBA has the necessary facts to make such a finding under the Bylaw.

**Explain why the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health or welfare.\***

The Applicant directs the ZBA's attention to its statements provided for in Paragraph 1-4 above. Additionally, the Applicant states that the requested use is consistent with the historical commercial use made at the Property since 1963 and permission to continue such use will not impact the integrity or character of the R-2 district or adjoining districts nor be a detriment to the health or welfare of the community.

**Explain why the requested use will not, by its addition to a neighborhood, cause an excess of the use that could be detrimental to the character of said neighborhood.\***

It is the Applicant's position that due to the fact that the requested use is consistent with the historical use of the garage and that the continuance of such commercial use of the garage for the storage of commercial vehicles and equipment, office use, and light construction work to be performed inside of the garage will not be detrimental to the character of the neighborhood.

**MEMORANDUM IN SUPPORT OF SPECIAL USE PERMIT APPLICATION**

---

To: Town of Arlington – Zoning Board of Appeals  
From: Douglas A. Troyer, on behalf of Pond Lane Realty, LLC  
Re: 20 Pond Lane, Arlington, MA - Special Use Permit Application  
Parcel Id No. 10-4-5.A  
Date: September 12, 2024

---

Dear Honorable Members of the Zoning Board of Appeals:

This Memorandum is submitted to the Town of Arlington Zoning Board of Appeals (hereinafter the “ZBA”) on behalf of our client, Pond Lane Realty, LLC (“Applicant”) in support of its Application for Special Use Permit pursuant to Sections 8.1.1(A) and 3.3 of the Town of Arlington Zoning Bylaws (the “Bylaw”) to continue the use of the existing commercial garage for commercial office use, storage of vehicles and equipment, and light construction work at the property located at 20 Pond Lane, Arlington, MA (“Property”).

#### **I. FACTUAL BACKGROUND**

The Property is located in the Town’s R-2 Zoning District and is classified as a residential/commercial property containing .211 acres (approximately 9,200 sq ft.) with a 4,418 sf ft two- family residence and a 3,375 sq. ft. commercial garage located on the Property. (See Property Card attached hereto as **Exhibit “A”**). This application pertains to the use of the existing commercial garage located on the Property only.

The Applicant purchased the Property from Edward C. Simonian, Trustee of the Philip Simonian Realty Trust on October 26, 2015. (See copy of Deed recorded with the Middlesex South Registry of Deeds in Book 66280, Page 526 attached hereto as **Exhibit “B”**). From 1963 to the present, the garage located on the Property has been used for commercial purposes. The Applicant intends to list the Property for sale and prior to filing this application the Applicant was instructed by the Inspectional Services Director that a special use permit from the ZBA is necessary. Thus, the Applicant submits this application to clarify that the use of the commercial

garage for office, storage of vehicles and equipment, and light construction work is a legal current use of the commercial garage, and if necessary, to request a special use permit for the continuance of the pre-existing non-conforming commercial use. No changes are being made to the Property or to the existing buildings located on the Property.

A copy of the existing conditions Plot Plan is attached hereto as **Exhibit "C"**.

### **HISTORY OF THE COMMERCIAL USE OF THE PROPERTY**

1. In June of 1961 Philp and Margaret Simonian purchased the Property, which at that time only contained the residential structure.

2. Mr. Simonian was the owner of State Coal & Oil Co., and from the summer of 1961 to 1963 used the Property to store commercial vehicles and equipment for his business.

3. In or around May of 1963, Mr. Simonian sought a variance from the ZBA due to a decision of the then Inspector of Buildings concerning the Inspector's refusal to issue a building permit for the construction of a commercial garage at the Property as such use was in violation of Section 14 of the Zoning Bylaws in effect at that time. Mr. Simonian was seeking to construct the garage to house his commercial vehicles and equipment and operate his business from the garage.

4. Public hearings were held in May of 1963 and the ZBA issued a decision in ZBA Case #779 permitting the construction of the commercial garage for his business and to be used for storage of commercial vehicles and equipment of Mr. Simonian's fuel business on the Property. (See **Exhibit D**).

5. Subsequent to the ZBA's decision, Mr. Simonian constructed the commercial garage on the Property. The garage consists of a flat-roof cinder block structure that is 45' wide and 75' long (3,375 sq. ft.) and 14' in height. The garage contains a large storage space area, office for business operations, a mezzanine storage area and two bathrooms for employees. (Copies of photos taken in 2011 attached hereto as **Exhibit "E"** show the garage as originally constructed).

6. In July of 1965, Mr. Simonian filed a petition with the ZBA seeking permission to further rent the commercial garage located on the Property for business use. At that time, Mr. Simonian was using a small portion of the garage for his company's business office but was no longer using the remainder of the space in the garage. Mr. Simonian sought permission to rent the remaining space in the garage to a commercial business involved in industrial truck batteries and battery charging devices for the operation of their business and storage of their vehicles and equipment. The ZBA granted the petition permitting the requested use at the Property. (See ZBA Case #959 attached hereto as **Exhibit "F"**).

7. Subsequent to 1963, the ownership of the Property was conveyed amongst Mr. Simonian's family. In 1978 Mr. and Mrs. Simonian conveyed ownership of the Property to the

Philip Simonian Realty Trust. In 1990 and again in 2004 the Property was conveyed to the Successor Trustees of the Philip Simonian Realty Trust.

8. From 1963 to 2015, the Simonian Family continued to rent out the garage for commercial uses and an auto body shop and auto mechanic business operated out of the garage during the majority of this time period. (See **Exhibit E**).

9. On October 26, 2015, the Applicant purchased the Property. (See **Exhibit B**). At that time the auto body shop stopped operating out of the garage and Arlington Motor Mart remained as a tenant of the Applicant and continued to perform auto repair work at the Property until 2020.

10. Additionally, from October 2015 to end of 2022, the Applicant's prior property management company, Barrington Management Company and Brigs LLC, used a portion of the garage for its maintenance division for the storage of materials, use as a woodworking shop, and parking for commercial vehicles. The Applicant further rented the garage to Flagship Cleaning Services, later renamed Syntegra, a commercial cleaning company who also used the garage for storage of materials and supplies, storage of commercial cleaning vehicles and used the office in the garage for its main office for operations.

11. The Applicant has replaced the roof on the garage and performed some interior work to clean-up the garage storage area, office, and restrooms. In 2019, the Applicant painted the garage while doing renovation work to the residential structure on the Property. (See photos attached hereto as **Exhibit "G"**).

12. In or around late 2022 to the Spring of 2023, the Applicant continued to perform maintenance work to the Property and contacted the Director of the Recreational Commission concerning the creation a buffer area between the Property and the abutting Town Property. The Town currently rents its land to Arlington/Belmont Crew organization who uses the Town's property to store its recreational boats and equipment. In the Spring of 2023, the Recreational Commission approved work allowing the Applicant to remove certain pavement and install a landscape buffer consisting of stone gravel, and several hedges and trees on the boundary line separating and creating a buffer area between the properties. (See **Exhibit C** and copies of photos of the existing conditions at the site along with photos showing the interior of the garage attached hereto as **Exhibit "H"**).

13. From 2022 to December 2023 the garage was used by Buffington, LLC, a real estate management company for use as a maintenance facility, site of operations and parking of commercial vehicles and equipment. The Applicant is currently considering placing the Property on the market and is considering his options concerning the continued commercial operations for the garage.

14. Thus, from the garage's initial construction in 1963 to the present, the garage has been used for commercial operations for office use, storage of vehicles and equipment and light construction by the owner of the Property and by its tenants. The Applicant seeks permission to

continue such use and further seeks clarification that should the Property be sold that any subsequent owner would be able to use the garage in the same historical manner.

**I. REQUEST FOR SPECIAL USE PERMIT AND FINDING THAT THE PRE-EXISTING NON-CONFORMING USE OF THE GARAGE FOR STORAGE OF COMMERCIAL VEHICLES AND EQUIPMENT AND LIGHT CONSTRUCTION WORK SHALL NOT BE SUBSTAINALLY MORE DETRIMENTAL THAT THE EXISTING NON-CONFORMING USE TO THE NEIGHBORHOOD.**

Relevant portions of Section 8.1.1(A) of the Bylaws provides as follows:

Except as provided in this Section, this Bylaw shall not apply to structures or uses lawfully in existence or lawfully begun, or to a building permit or special permit issued before the first publication of notice of the public hearing on this Bylaw (December 14, 2017)... Pre-existing nonconforming structures or uses may be extended or altered, provided, that no such extension or alteration shall be permitted unless there is a finding by the Board of Appeals that such change, extension or alteration shall not be substantially more detrimental than the existing nonconforming structure or use to the neighborhood.

It is the Applicant's position that the proposed continued use of the garage at the Property shall not be substantially more detrimental than the existing nonconforming use to the neighborhood. Furthermore, the Applicant states that as provided in more detail below, its pending Application for Special Use Permit meets the criteria set forth in Section 3.3.3 of the Bylaw as follows:

**1. The Requested Use is Essential or Desirable to the Public Convenience and Welfare:**

Since its construction in 1963 the commercial use of the garage on the Property has been for the storage of commercial vehicles and equipment along with office use, auto body work and auto repair work. The Applicant's request to continue the use of the garage for the storage of commercial vehicles and equipment, office use, and light construction work is consistent with the historical use of the garage and is in fact less intrusive than when the garage was used as an auto body shop and auto repair shop. The use is consistent with other uses in the neighborhood as the abutting Town property is being used for the storage of recreational equipment for the Arlington/Belmont Crew organization who stores their vehicles, trailers, crew boats, and other equipment on the Town property.

As the Property is fully developed - there are no changes proposed to the garage structure, driveway, drainage, utilities or other infrastructure servicing the Property - and the requested use is consistent with what has historically been used at the Property, the requested commercial use of the garage will continue to fit seamlessly with the community and neighborhood.

**2. The Requested Use Will Not Create Undue Traffic Congestion, or unduly Impair Pedestrian Safety:**

The Applicant states that the proposed project will not involve any changes to the driveway or parking area on the Property. Additionally, there are no proposed changes to the traffic flow, access, parking and pedestrian circulation that has been in existence at the Property for over 61 years. The Applicant anticipates that in addition to 2 vehicles parking in the driveway for the residential use for the Property, that approximately 2 commercial vehicles for employees will use the driveway area for parking and that the remaining vehicles will be parked inside of the garage which has ample storage area.

Therefore, because there no changes proposed to the structure or facilities on the Property and due to the fact that the requested use is consistent with the historical uses of the garage, it is the Applicant's position that its requested use of the garage will not create any undue traffic congestion, or unduly impair pedestrian safety.

**3. The Requested Use Will Not Overload Any Public Water, Drainage Or Sewer System, Or Any Other Municipal System To Such An Extent That The Requested Use in the Immediate Area Or Any Other Area Of The Town Will Be Unduly Subjected To Hazards Affecting Health, Safety Or The General Welfare:**

As provided above, the garage was fully developed in 1963 and there are no changes being proposed to the drainage, utilities and other infrastructure servicing the Property as they are all more than adequate to accommodate the continue commercial use of the garage. Additionally, no hazardous materials will be stored on Property.

**4. The Special Provisions For The Requested Use Under the Bylaw Are Fulfilled.**

As provided above, the garage structure and commercial use of the garage was permitted by the ZBA in 1963. The commercial use of the garage is proposed to be that of storage of commercial vehicles and equipment, office use, and proposed light construction work to be performed inside of the garage. Pursuant to Section 8.1.1(A) of the Bylaw, the ZBA may granted the requested use if it finds that the use shall not be substantially more detrimental than the existing nonconforming use to the neighborhood. As provide above, it is the Applicant's position that the ZBA has the necessary facts to make such a finding under the Bylaw.

**5. The Requested Use Will Not Impair The Integrity Or Character Of the District Or Adjoining Districts, Nor be Detrimental To the Health or Welfare.**

The Applicant directs the ZBA's attention to its statements provided for in Paragraph 1-4 above. Additionally, the Applicant states that the requested use is consistent with the historical commercial use made at the Property since 1963 and permission to continue such use will not impact the integrity or character of the R-2 district or adjoining districts nor be a detriment to the health or welfare of the community.

**6. The Requested Use Will Not, By Its Addition To The Neighborhood, Cause An Excess Of the Use That Could Be Detrimental To The Character Of Said Neighborhood.**

It is the Applicant's position that due to the fact that the requested use is consistent with the historical use of the garage and that the continuance of such commercial use of the garage for the storage of commercial vehicles and equipment, office use, and light construction work to be performed inside of the garage will not be detrimental to the character of the neighborhood.

**III. CONCLUSION**

For all of the above reasons, the Property has historically been used for both residential and commercial purposes. The continuance of the requested commercial use of the garage on the Property will fit seamlessly with the existing use at the Property and neighborhood as there will essentially be no change to the uses of the garage on the Property that have been continuously and consistently made since 1963.

Furthermore, as provided above and in the supporting materials submitted in support herewith, it is the Applicant's position that it has shown sufficient evidence to support a finding from the ZBA that the requested use of the garage on the property for the storage of commercial vehicles and equipment, office use, and light construction use will not be substantially more determinantal than the existing nonconforming use to the neighborhood and that its application complies with all applicable criteria set forth in Section 3.3 of the Bylaw to grant the special use permit requested by the Applicant.

Therefore, the Applicant respectfully request that the ZBA grant the Applicant's application for Special Use Permit.

QUITCLAIM DEED

Edward C. Simonian, of Centerville, Barnstable County, Massachusetts for consideration paid and in full consideration of ONE MILLION AND 00/100 DOLLARS (\$1,000,000.00) grants to POND LANE REALTY, LLC a Massachusetts limited liability company, of 376 Massachusetts Avenue, Arlington, Massachusetts 02474

*WITH QUITCLAIM COVENANTS*  
all right, title and interest in and to that certain parcel of land with the buildings and improvements thereon known as 20 Pond Lane, Arlington, Middlesex County, Massachusetts, being more particularly described as follows:

The land with the buildings and improvements thereon situate in Arlington, Middlesex County, Massachusetts, situate on Pond Lane and shown as Lot "B" on "Plan of Land in Arlington, Mass." dated August 25, 1939, M. Waters, C.E. recorded with Middlesex South District Deeds Book 6323, Page 475, bounded and described:

NORTHERLY: by Pond Lane, eighty-seven and 49/100 (87.49) feet;  
EASTERLY: by land of owners unknown, one hundred thirty (130) feet;  
SOUTHERLY: by Lot A on said plan, eighty (80) feet; and  
WESTERLY: by Lot A on said plan, one hundred (100) feet, more or less.

Containing 9,200 square feet of land, more or less.

For title, see deed recorded with Middlesex County Southern District Registry of Deeds Book 41726 Page 393.

The subject premises is conveyed subject to tenants and occupants.

I, the undersigned Edward C. Simonian, do hereby revoke, rescind and terminate any and all homestead rights in the herein property and do under oath depose and say that there are no other individuals entitled to claim the benefit of any existing estate of homestead in and to the property.

Executed as a sealed instrument this 26<sup>th</sup> day of October, 2015.

Edward C. Simonian

## **EXHIBIT “D”**

TOWN OF ARLINGTON  
ZONING  
BOARD OF APPEALS  
APPEAL NO. 779

of Philip Simonian

Statement of Facts.

The Zoning Board of Appeals, hereinafter called the "Board" conducted a public hearing on the appeal of Philip Simonian of Arlington from the refusal, on March 19, 1963, of the Inspector of Buildings to issue a permit for the construction of a garage to house vehicles and equipment on his property located at 20 Pond Lane.

The action of the Inspector of Buildings was automatic since the proposed would be used to house commercial vehicles constituting a violation of Section 14 of the Zoning By-Law.

The appeal was filed in the office of the Inspector of Buildings on April 3, 1963. The hearing was held at the Town Hall on Tuesday evening, May 7, 1963 after due notice had been given by publication in the Arlington Advocate on April 11 and 18, 1963 and by mail, postage prepaid, to owners of real estate opposite to and abutting on the property in question, and to other parties in interest, whose names and addresses are recorded on a separate list which forms a part of the official record of these proceedings, and by posting the property.

The members of the Board present were:

Ralph F. Tuller, Chairman  
Alfred C. Bridgens, Secretary  
John J. Bilafer

The appellant was present at the hearing accompanied by his builder, Rugo Santini, Santini Sons, Inc., 116 Magnolia St., Arlington, Mass. Also present at the hearing were Valma Jenkins, 9 Pond Lane, Thomas F. McCarthy, 19 Pond Lane, Vincent Govoni, 21 Pond Lane, who were recorded in favor of granting the petition. Mr. & Mrs. Fred S. Karaganis, 21 Wyman Terrace did not favor the petition, but their objections were directed toward an unsightly condition existing in the rear of Arlington Pipe and Supply rather than with the garage proposed by appellant.

The property involved in this appeal is shown on Block Plan #10 as Lot B numbered 20 Pond Lane containing a dwelling house on 9200 sq. ft. of land.

Active businesses are presently being carried on in the immediate area. On a lot adjacent is a Storm Window Factory and to the rear of appellant's lot is located a plumbing supply house.

Appellant, the owner of State Coal & Oil Co. purchased the property in the Summer of 1961 and since that time has been using it for the storage of his vehicles and equipment.

The proposed garage would be a dwelling 14' high, 45' wide and 75' long of cinder block construction and would be located at the rear of the lot at a distance of 19' from the existing dwelling in accordance with the plan submitted by the appellant.

It is noted by the Board that the proposed location of the garage is in immediate proximity to other commercial buildings in the area. The contours of the proposed garage would be in keeping with this business atmosphere. It would seem that a garage to house appellant's vehicles and equipment would provide a much neater appearance to the property than is evident at present.

It is the opinion of the Board that the purpose for which the appellant wishes to use the proposed dwelling causes a hardship to appellant and that relief may be granted without detriment to the public good or to the intent of the Zoning By-Law.

It is the unanimous decision of the Board that the appeal shall be allowed and the Inspector of Buildings is authorized to issue the necessary permit for construction located substantially as shown on the plot plan submitted.

## **EXHIBIT “F”**

TOWN OF ARLINGTON  
ZONING  
BOARD OF APPEALS  
PETITION NO. 959  
OF Philip Simonian

Statement of Facts.

The Zoning Board of Appeals, hereinafter called the "Board" conducted a public hearing on the petition of Philip Simonian of Arlington, seeking permission to rent the premises at 20 Pond Lane for business use.

The proposed use of the premises would be at variance with Section 14 of the Zoning By-Law.

The petition was filed in the office of the Inspector of Buildings on July 5, 1967. The hearing was held at the Town Hall on Tuesday evening, July 25, 1967 after due notice had been given by publication in the Arlington News on July 13, and 20, and by mail, postage prepaid, to owners of real estate opposite to and abutting on the property in question, and to other parties in interest, whose names and addresses are recorded on a separate list which forms a part of the official record of these proceedings, and by posting the property.

The members of the Board present were:

Ralph F. Tuller, Chairman  
Alfred C. Bridgens, Secretary  
John R. Kenny

The petitioner was present in person at the hearing.

The property involved in this petition is shown on Block Plan #10 as Lot 10, numbered 20 Pond Lane, located in a Residence B District.

The building here involved was constructed by Mr. Simonian pursuant to authority granted in 1963 by this Board in Case #779. It is a flat-roofed cinder block garage-type building 45' wide and 75' long. It was built to provide storage space for vehicles and equipment used in petitioner's fuel oil business.

The petitioner continues to use a relatively small portion of the building as business office space, but he no longer uses the rest of the building for the purpose for which it was built. Instead, he seeks approval of the rental of the premises to Harrington Equipment Co., which is a service business, formerly located at 17 Mill Street, involved with industrial truck batteries and battery charging devices.

The Harrington concern presently consists of the owner and two employees. There is a pickup truck which is the only vehicle owned by the business. The operation of the business does not involve any heavy work or noisy operations,

Philip Simonian

#959

Page 2.

nor is there any appreciable traffic to the premises by customers or suppliers. Harrington will construct an office space approximately 18' by 14', and he will use the rest of the building, except for the offices retained by Mr. Simonian, for his active business and equipment storage purposes.

It seems clear that the Harrington business will be less actively at variance with the residential neighborhood in which it is located than was the storage of fuel oil trucks and equipment by Mr. Simonian.

It is the unanimous decision of the Board that the petition shall be allowed, authorizing the use of the premises for business purposes substantially similar to those now being conducted by Harrington Equipment Co.

Dear Arlington Zoning Board of Appeals Members,

We write to express our strong opposition to docket #3822 – 20 Pond Lane, appearing before the board on October 22, 2024. We reside at 9-11 Pond Lane, unit 11 with our two young children. We have lived at this residence since September 2019.

### **Pedestrian Safety & Impact on Traffic**

We are concerned that commercial activity at 20 Pond Lane will make our neighborhood less safe by increasing traffic and blocking pedestrian access to Spy Pond, the Minuteman bike path, the Boys and Girls Club, and Spy Pond Field. The stretch of Pond Lane that runs from Massachusetts Ave to Spy Pond has no legal street parking. However, private and commercial vehicles often park on the sidewalk, blocking pedestrian access.

When we first moved to the neighborhood, a commercial cleaning company operated from the garage at 20 Pond Lane. Each morning, several vans would idle in the driveway and on the sidewalk as they loaded supplies. The impact on pedestrians was minor at 6 AM, but we were forced to walk on the road as we walked our dog. The concern is that a future commercial business would introduce similar sidewalk obstructions later in the day, forcing pedestrians onto the busy road.

Unfortunately, Arlington's Parking Enforcement Officers are not empowered to regulate parking on residential streets. As residents, our only recourse is to contact the Arlington Police non-emergency number. Consequently, traffic regulations are not enforced in residential areas. Out of convenience, delivery drivers, landscapers, and other commercial operators may park on the sidewalk and in front of "no parking" signs without consequence.

To this point, at approximately 8 AM on Tuesday, October 15, 2024, three large moving trucks arrived on Pond Lane to move items out of the residential units at 20 Pond Lane. The trucks blocked traffic as they attempted to navigate the narrow road. Ultimately, the trucks parked along the street, blocking the sidewalk as students made their way to school. As you can see from the attached pictures, the sidewalk was fully blocked. Cyclists were forced into oncoming traffic. These traffic violations were caused by the

moving company, not the petitioner. However, this demonstrates the impact that increased commercial activity will have on our neighborhood.

Approving this application will lead to increased commercial traffic and make our neighborhood less safe for pedestrians, cyclists, and drivers.

### **Impact of "Light" Commercial Activity**

From our reading of the application, the petitioner intends to sell this property once they receive Zoning Board of Appeal approval to allow for "storage of commercial vehicles and equipment, office use, and proposed light construction work to be performed inside of the garage." We are concerned that the new owners may interpret this definition to fit their needs. This would have several negative impacts on the neighborhood:

1. Noise: As far as we are aware, "light construction" is not defined in the application or within Arlington's Zoning Bylaw. The new property owner could interpret this definition to include any number of construction activities. Could the garage be used for metal working, machine assembly, or commercial woodworking? These activities would negatively impact our neighborhood by introducing the constant sound of construction and pollution.
2. Environmental Impact: What would prevent a future owner from storing harmful chemicals onsite? What safeguards are in place to prevent harmful exhaust from entering our neighborhood?

As the residents living across the street from 20 Pond Lane, we—not the petitioner—are the ones who will have to live with the consequence of whatever future commercial ventures purchase the property. We strongly urge the Zoning Board of Appeal to reject this application.

Best regards,  
Paul Creedon & Paige Clunie  
11 Pond Lane

## Comments Against the Expansion of Commercial Use at 20 Pond Lane

**From** Simader, Michael <michael@simader.me>

**Date** Sun 10/20/2024 1:33 PM

**To** ZBA <ZBA@town.arlington.ma.us>

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Members of the Zoning Board of Appeals,

I am writing to express my strong opposition to the expansion of commercial use at 20 Pond Lane. My name is Michael Simader and together with my wife Melissa Simader, I am the co-owner of the property directly across the street at 15 Pond Ln, Arlington, MA 02474.

Regarding the most recent application of the property owner at 20 Pond Lane I hereby submit my key concerns and express my opposition to the expansion of commercial use at this property.

## Position Against the Expansion of Commercial Use at 20 Pond Lane

### 1. Scope of Special Permit:

- The original special permit issued in 1963 aimed to conceal commercial vehicles and equipment from view, maintaining a tidy appearance.
- Over the years, the use of the property went beyond the originally approved scope by the Zoning Board of Appeals (ZBA).
- Unauthorized uses include:
  - Operation as an auto body shop and mechanic business.
  - Storage of materials for a cleaning business.
  - The use as a woodworking shop.
- The undefined nature of "light construction work" raises concerns about future interpretations that could lead to further expanding the scope affecting nearby residents negatively.

### 2. Public Convenience and Welfare:

- The petitioner has not provided evidence that the expanded commercial operation will benefit the public. The original intent of the garage was primarily aesthetic—to hide commercial activities.
- The request to increase scope to include "light" construction lacks clear limits on both the nature of the work and hours of operation, presenting risks of noise, dust, smell, and other disturbances.
- The expansion appears to prioritize the petitioner's financial gain rather than community welfare, without offering any benefits. The expansion only has negative effects on the community with:
  - Increased traffic and resulting hazards
  - Dangerous conditions by maneuvering large commercial vehicles in an area with increased foot traffic.
  - Uncontrolled and unmitigated conditions for the storage, use, and processing of hazardous materials.

- The petitioner is applying for an expanded scope of the special permit for a potential buyer of the property and not for their use. This expanded use is for the benefit of the petitioner, the seller of this property, and the petitioner alone, leaving only negative side effects to nearby residents.
- Given a history of violating the scope of the special use permit in this location, the future buyer cannot be trusted to limit their use of the property to the scope of the special permit.

### **3. Environmental and Infrastructure Concerns:**

- The operation of an auto body and repair shop has already posed risks to the environment, particularly regarding spills that could contaminate storm drains leading to Spy Pond.
- Current regulations regarding water treatment, air filtration, and hazardous materials have evolved since 1963, necessitating a more stringent review of the potential impacts on public water sources.
- The petitioner highlights that there won't be any changes to the structure. There haven't been any upgrades to the structures aside from cosmetic improvements in the past.
- The structure's design and permitting were intended to store commercial equipment out of plain sight.
- The intention was NOT to operate machinery and handle potentially hazardous materials.
- Therefore the structure is inadequate for proposed uses. Outstanding concerns are, not limited to, air filtration systems, wastewater management, and safe working conditions for workers.

### **4. Impact on Neighborhood Character:**

- The application contains inconsistencies, particularly in proposing uses not aligned with the garage's historical function or previously approved permits.
- The previously unauthorized use as an auto body and repair shop represents a violation of the original intent of the permit and sets a concerning precedent for future expansions.
- The applicant's intention to broaden the scope appears primarily motivated by personal financial interests rather than community benefits, which can only alter the character of the neighborhood negatively.

### **5. Traffic and Safety Implications:**

- Existing traffic issues, exacerbated by nearby recreational facilities and a daycare, could worsen with additional commercial activities.
- The potential increase in commercial vehicle traffic poses risks to pedestrian safety, particularly given the current traffic conditions.
- 2 recent incidents are reason enough to reject this application:
  - A tourist bus collided with the pedestrian overpass. This is a clear indication that the street is neither designed nor laid out for commercial traffic.
  - Moving trucks were not able to maneuver into the driveway of the petitioner. As a result, the trucks were parked on the adjoining sidewalks, blocking pedestrians and traffic.
  - What will the future look like when additional commercial vehicles cannot maneuver in or out of the driveway?

### **6. Recommendations for ZBA Consideration:**

- **Reject the petitioner's application for the expanded use. The existing special permit should not be further expanded by commercial uses within this residential neighborhood**

With kindest regards,

68 of 110

**Re: 3822 20 Pond Lane**

Dear Honorable Members of the Zoning Board of Appeals:

As you are aware, this office represents Pond Lane Realty, LLC (“Applicant”) in connection with the above-referenced Application for Special Use Permit before the Zoning Board of Appeals. A public hearing on my client’s application was held on October 22, 2024 and continued to November 12, 2024 and December 10, 2024.

During the October 22, 2024 public hearing, the Board requested the Applicant to provide additional information and materials including in support of its application. The Applicant is still working of obtaining the necessary information and respectfully requests that the Board continue the December 10, 2024 public hearing to an available hearing date for the Board in January 2025. The Applicant needs additional to obtain and review the site plan and prepare its supplemental information and materials to be submitted to the Board. The Applicant is aware that any materials that it intends to submit prior to the continued hearing date will need to be filed with the Board 7 days prior to the rescheduled hearing.

Please advise if our attendance is necessary at the December 10, 2024 hearing to seek this continuance.

Submitted On: 12/18/2024		 56 Aberdeen Ave. Cambridge, MA 02138
Owner		
	SINGH VIPENDER & CASEY KELLY 28 DRAPER AVE ARLINGTON, MA 02474	

## Special Permit Criteria

Indicate where the requested use is listed in the Table of Use Regulations as allowed by Special Permit in the district for which the application is made or is so designated elsewhere in the Zoning Bylaw. \*\*\*Please LIST BYLAW(S)\*\*\* 

- 8.1.3.D Adding an accessory dwelling unit
- 8.1.4.D Moving a non-conforming structure
- 8.1.6.A Decreasing, but not removing a setback non-conformity

Explain why the requested use is essential or desirable to the public convenience or welfare.\*

We are requesting the the existing 2-story barn in the rear corner of the lot be relocated and attached to the rear of the house in order to create an ADU for an elderly family member. This relocation will be benficial to the neighborhood because it will eliminate a side yard setback non-conformity and will substaniially reduce a rear yard setback non-conformity.

Explain why the requested use will not create undue traffic congestion, or unduly impair pedestrian safety.\*

The requested renovation will create a single-person ADU. Initially, it will be used for an aging parent who does not drive. In the event that there is a new tenant, the lot currently has a driveway with room for off-street parking for two cars.

**Explain why the requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subjected to hazards affecting health, safety or the general welfare.\***

The requested renovation will create a single-person ADU with one bath and a small kitchenette.. The existing house currently has 2 1/2 baths, so the increase in water and sewer usage will be modest.

**Describe how any special regulations for the use, as may be provided in the Zoning Bylaw, including but not limited to the provisions of Section 8 are fulfilled.\***

5.10.2.B  
8.1.3.D Creation of an Accessory Dwelling Unit

**Explain why the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health or welfare.\***

The proposed renovation will reuse the existing barn as an attached ADU. While it is currently located on the right side property line and roughly 1' away from the rear property line, in the new layout, the rear yard setback non-conformity will be significantly reduced and the side yard setback requirements will be met. As such, the existing site will create more diversity in the available pool of housing, retain its existing architectural character, and provide more usable open space without increasing the volume.

**Explain why the requested use will not, by its addition to a neighborhood, cause an excess of the use that could be detrimental to the character of said neighborhood.\***

The requested renovation will combine the two existing buildings already on the lot and will reduce the overall footprint of these two buildings. The reconfigured building will be used as a residence with an ADU which is an appropriate use in this predominantly residential neighborhood.

V-25-1	Primary Location	Applicant
Variance Permit	28 DRAPER AVE	 John Lodge
Application (ZBA)	Arlington, MA 02474	 617-308-3037
Status: Active		 john@johnlodgearchitects.com
Submitted On: 1/22/2025		 56 Aberdeen Ave. Cambridge, MA 02138
Owner		
	SINGH VIPENDER & CASEY KELLY 28 DRAPER AVE ARLINGTON, MA 02474	

---

## Variance Permit Criteria

**Describe the circumstances relating to the soil conditions, shape, or topography especially affecting such land or structures but not affecting generally the Zoning District in which it is located that would substantiate the granting of a Variance.\***

The shape of the lot is currently configured such that the existing barn, which the Historic Commission will not allow us to demolish, violates both the rear and side yard setbacks. Our goal is to create an ADU that will connect to the existing house.

**Describe how a literal enforcement of the provisions of the Zoning Bylaw, specifically relating to the circumstances affecting the land or structure noted above, would involve substantial hardship, financial or otherwise, to the Petitioner or Appellant.\***

While the Historic Commission will not let us demolish the barn, they will let us attach it to the existing house. In this new layout, the rear of the barn will still violate the rear yard setback to a lesser extent. As such, a literal enforcement of the zoning bylaw, in combination with the Historic Commissions ruling, would not allow us to create the ADU.

**Describe how desirable relief may be granted without substantial detriment to the public good. \***

Desirable relief may be granted without substantial detriment to the public good because, while the mass and bulk of the house and the barn will remain the same on the lot, the proposed layout will be much more compact. It will relocate the barn much farther from the existing side and rear lot lines, giving the two abutters increased access to daylight and circulation.

**Describe how desirable relief may be granted without nullifying or substantially derogating from the intent or purpose of the Zoning Bylaw of the Town of Arlington, Massachusetts.\***

Desirable relief may be granted without nullifying or substantially derogating from the intent or purpose of the Zoning Bylaw because the proposed project will not increase the bulk or massing on the site.

State Law (MGL Chapter 40a, Section 10) requires that the Zoning Board of Appeals must find that all four (4) criteria are met in order to be authorized to grant a Variance. If any one of the standards is not met, the Board must deny the Variance.
